

dolores cannon qhht training

Dolores Cannon QHHT Training is an innovative and transformative program designed to equip individuals with the skills needed to facilitate Quantum Healing Hypnosis Technique (QHHT) sessions. Developed by the late Dolores Cannon, a renowned hypnotherapist and author, this method unlocks the potential for deep healing and self-discovery through past life regression and accessing higher states of consciousness. This article delves into the intricacies of QHHT training, its origins, the training process, and the profound impact it can have on practitioners and clients alike.

Understanding QHHT

QHHT is a unique and comprehensive form of hypnosis that allows individuals to access their subconscious mind. This technique enables clients to explore their past lives, uncover hidden memories, and gain insights into their current life challenges.

The Origins of QHHT

Dolores Cannon developed QHHT over several decades of practice and research in hypnosis. Her journey began in the 1960s when she started working with clients to uncover past life memories. As her work evolved, she discovered that the subconscious mind could provide profound insights and healing.

Some key milestones in the development of QHHT include:

1. Initial Research: Dolores began exploring the concept of past lives and reincarnation.
2. Refining Techniques: Over years of practice, she honed her methods to facilitate deeper states of trance.
3. Publishing Books: Dolores wrote several books, sharing her findings and experiences, which attracted a global audience.
4. Training Others: Realizing the need for a structured training program, she developed the QHHT training curriculum.

The Structure of QHHT Training

Dolores Cannon QHHT Training is a multi-tiered program designed for aspiring practitioners. The training is typically conducted over several days and includes both theoretical understanding and practical application of the techniques.

Training Levels

QHHT Training is divided into several levels, each building on the previous one.

1. Level 1: The Basics

- Introduction to hypnosis and its applications.
- Understanding the subconscious mind and its role in healing.
- Learning foundational QHHT techniques.

2. Level 2: Advanced Techniques

- Deepening knowledge of regression methods.
- Exploring the nuances of client interactions.
- Practicing advanced hypnosis techniques in supervised settings.

3. Level 3: Mastery and Specialization

- Focusing on specific areas of interest, such as healing modalities.
- Mastering the art of conducting QHHT sessions with confidence.
- Opportunity to become a certified QHHT practitioner.

Training Components

The training program includes various components that ensure well-rounded education and preparation for practitioners:

- Workshops and Seminars: Interactive sessions where participants engage in discussions and practical exercises.
