5. Cooking spray (optional)
6. Serving plate

Preparation Steps

Follow these simple steps to prepare your Egglettes for cooking:

1. Wash the Egglettes Pods: Before using your Egglettes for the first time, wash them with warm soapy water to remove any manufacturing residues.
2. Grease the Pods (Optional): For easier removal, you can lightly spray the inside of each Egglettes pod with non-stick cooking spray.
3. Crack the Eggs: Crack one egg into each pod. If you prefer, you can add seasonings, herbs, or cheese to the egg for added flavor.
4. Secure the Lids: Place the lids on the Egglettes pods and ensure they are securely closed. This step is crucial to prevent water from entering the pods during boiling.
