1. Unpacking Your Hanaix Projection Alarm Clock

Upon receiving your Hanaix projection alarm clock, it's essential to ensure that everything is included in the package. Here's what you should find:

- Hanaix Projection Alarm Clock
- User Manual (this guide)
- AC Power Adapter
- Backup Battery Compartment (usually 2 AAA batteries, not included)
- Projection Arm (if applicable)

1.1 Initial Inspection

Before setting up your clock, inspect it for any signs of damage during shipping. Check for:

- Cracks or scratches on the surface
- Loose components
- Properly functioning projection arm

If you notice any issues, contact the retailer or manufacturer for assistance.

2. Setting Up Your Hanaix Projection Alarm Clock

Setting up your Hanaix projection alarm clock is a straightforward process. Follow these steps to get started:

2.1 Power Source

1. Plug in the Clock: Use the provided AC power adapter to plug your clock into a wall outlet.
2. Insert Backup Batteries: Open the battery compartment and insert two AAA batteries to ensure the clock retains time settings during power outages.

2.2 Setting the Time

1. Enter Time Setting Mode: Press and hold the "Set" button until the hour flashes on the display.
2. Adjust Hour: Use the "+" or "-" buttons to set the correct hour.
3. Set Minutes: Press "Set" again to switch to minute adjustment, then use the "+" or "-" buttons as before.
4. Select AM/PM: If your clock has a 12-hour format, toggle between AM and PM.
5. Confirm Settings: Press "Set" one last time to save your time settings.

2.3 Adjusting Brightness and Projection

- Brightness Settings: Most models come with adjustable brightness. Look for a "Brightness" button to cycle through different levels.
- Projection Angle: Adjust the projection arm of the clock to the desired angle for optimal visibility. Rotate the arm until the time projects clearly.

3. Alarm Functionality

The alarm feature is one of the primary functionalities of the Hanaix projection alarm clock. Here's how to set it up:

3.1 Setting the Alarm

1. Enter Alarm Setting Mode: Press and hold the "Alarm" button until the hour flashes.
2. Adjust Alarm Hour: Use the "+" or "-" buttons to set the desired alarm hour.
3. Set Alarm Minutes: Press "Alarm" again to adjust the minutes.
4. Select Alarm Tone: Most models allow you to choose from various alarm sounds. Press the "Tone" button to cycle through options.
5. Confirm Alarm: Press "Alarm" again to save settings.

3.2 Snooze Function

- Snooze Activation: When the alarm sounds, press the "Snooze" button to delay the alarm for a short period (usually 5-10 minutes).
- Repeat Snooze: You can press the snooze button multiple times until you're ready to wake up.

3.3 Turning Off the Alarm

To turn off the alarm completely, press the "Alarm" button once the alarm sounds. Ensure to check the alarm settings if you want it to go off the next day.

4. Features of the Hanaix Projection Alarm Clock

The Hanaix projection alarm clock comes packed with features that enhance its usability. Here's a breakdown of its key functionalities:
