

here comes the sun mandolin tab

Here Comes the Sun Mandolin Tab is a topic that resonates with music enthusiasts and mandolin players alike. This iconic song by The Beatles, penned by George Harrison, has a timeless quality that continues to inspire musicians around the world. The cheerful melody and uplifting lyrics reflect the joy of new beginnings, making it a popular choice for both amateur and professional musicians. This article will delve into the intricacies of playing "Here Comes the Sun" on the mandolin, providing tabs, tips, and insights to help you master this beautiful piece.

Understanding the Mandolin

Before diving into the tab, it's essential to understand the instrument itself. The mandolin is a stringed instrument, part of the lute family, characterized by its double strings and a pear-shaped body. It typically has eight strings arranged in four courses, tuned in perfect fifths (G-D-A-E). This tuning allows for a bright, resonant sound that complements many genres, including bluegrass, folk, and classical music.

Why Play "Here Comes the Sun" on Mandolin?

Playing "Here Comes the Sun" on the mandolin offers several benefits:

1. **Melodic Simplicity:** The song features a memorable melody that is easy to pick up, making it suitable for beginners.
2. **Charming Sound:** The mandolin's bright tone adds a unique flavor to this classic track.
3. **Improvisation Opportunities:** Once familiar with the song, players can explore improvisation and variations.
4. **Collaborative Potential:** This song works well in group settings, allowing for harmonies and accompanying instruments.

Learning the Basics: Mandolin Tabs

To play "Here Comes the Sun," you will need to familiarize yourself with the tablature. Tablature, or "tab," is a form of musical notation that shows you where to place your fingers on the instrument's fretboard.

Getting Started with the Tab

Here's a simplified version of the melody to get you started. The numbers represent the frets you will press down on each string, while the strings are indicated as follows:

- G (4th string)

- D (3rd string)
- A (2nd string)
- E (1st string)

Intro Tab:

```

  \ \ \
E|-----0--0--0-----|
A|-----0-2-3-----3-2-0-----|
D|---0-2-----2-0-|
G|-----|
  \ \ \

```

Verse Tab:

```

  \ \ \
E|----0-0-0-0---0-0-----|
A|--3-----3-2-0-----|
D|-----|
G|-----0-0-0-0-----|
  \ \ \

```

Chorus Tab:

```

  \ \ \
E|-----0-0-----0----|
A|----2-3-2-0-----3-2-0-----|
D|-----2-0-----|
G|-----|
  \ \ \

```

This is a basic outline that captures the essence of the song. As you practice, you can add your nuances and variations.

Practicing Techniques

To effectively learn "Here Comes the Sun," consider the following practice techniques:

1. Slow Practice

Start by playing the tab slowly to ensure you are hitting the right notes. Gradually increase your speed as you become more comfortable.

2. Use a Metronome

Practicing with a metronome can help you maintain a steady tempo. Start at a slower BPM (beats per minute) and increase it as your confidence builds.

3. Break It Down

Divide the song into sections and focus on mastering each part before moving on. This method prevents feeling overwhelmed and helps in retaining information.

4. Record Yourself

Recording your practice sessions can provide insight into areas that need improvement. Listening back will help you identify mistakes and track your progress.

Enhancing Your Performance

Once you have the basics down, you may want to enhance your performance with additional techniques.

1. Dynamics

Experiment with dynamics to add emotional depth to your playing. Consider varying your volume and intensity throughout the song to highlight different sections.

2. Ornamentation

Adding slides, hammer-ons, and pull-offs can make your rendition more expressive. For example, try sliding into notes or incorporating hammer-ons at the beginning of phrases.

3. Vibrato

Using vibrato on sustained notes can add richness to your sound. This technique involves slightly bending the pitch of a note by oscillating your finger on the fret.

Collaborating with Other Musicians

Playing "Here Comes the Sun" can be a fantastic opportunity for collaboration. Here's how you can engage with fellow musicians:

1. Form a Band

If you enjoy playing with others, consider creating a small band. Invite musicians who play guitar, bass, or even percussion to join in for a fuller sound.

2. Join a Jam Session

Local jam sessions are perfect for playing this song. You'll get to interact with other musicians, learn new techniques, and share your interpretations.

3. Online Collaboration

In the digital age, collaborating with musicians online is easier than ever. Use platforms like YouTube or social media to share your performances and connect with others.

Conclusion

In summary, playing Here Comes the Sun mandolin tab is an enriching experience that combines the joy of music with the beauty of an iconic song. Whether you are a beginner or an experienced player, this piece offers a chance to explore the mandolin's capabilities and express yourself creatively. By following the tab, employing practice techniques, and considering enhancements, you can develop a rendition that resonates with listeners. So grab your mandolin, take a deep breath, and let the sunshine in as you play this timeless classic.
