 - Decorative crown moldings and fanlights above doors.
 - Use of red bricks and white wood trim.

The Victorian era brought a surge of creativity in home design, resulting in diverse styles that catered to individual tastes. Notable styles include:

- Gothic Revival: Pointed arches, steep gables, and intricate wooden trim.
- Italianate: Wide eaves, tall windows, and ornate brackets.
- Queen Anne: Asymmetrical facades, decorative shingles, and turreted roofs.

Craftsman and Arts & Crafts Movement (1900-1930)

The Craftsman style emerged as a reaction against the excesses of the Victorian era. It emphasized handcrafted details and natural materials. Features include:

- Low-pitched roofs: Often with exposed rafters.
