Materials Needed

Before diving into the crafting process, gather the following materials:

- **Wooden Pegs:** You can find these at craft stores or online. They typically come in various sizes, but the most common type is the 2.5-inch (6.35 cm) peg doll.
- **Acrylic Paints:** Choose a variety of colors for painting the dolls. Acrylic paint is preferred due to its quick-drying properties and ease of use.
- **Paintbrushes:** A selection of brushes, including fine-tipped brushes for details and broader brushes for base coating.
- **Sealer:** A clear acrylic sealer to protect the finished designs and give them a nice sheen.
- **Fabric Scraps:** For clothing and accessories, you can use small pieces of fabric.
- **Glue:** A strong craft glue or hot glue gun for attaching any fabric or embellishments.
- **Markers/Pens:** For adding details such as facial features.

Step-by-Step Guide to Making a Peg Doll

Step 1: Prepare Your Work Area

Set up a clean, well-lit workspace where you can work comfortably. Lay down newspaper or a plastic covering to protect your surfaces from paint and glue.

Step 2: Paint the Base Layer

1. **Choose Your Base Color:** Decide the primary color for your peg doll. If you're making a character, think about the skin tone, clothes, or other primary features.
2. **Apply the Paint:** Using a paintbrush, apply a base coat of acrylic paint to the entire peg doll. Ensure even coverage, and remember to paint the bottom as well.
3. **Let it Dry:** Allow the base layer to dry completely before proceeding to the next steps. This usually

takes about 30 minutes to an hour, depending on the thickness of the paint.

Step 3: Add Details

1. **Facial Features:** Use fine-tipped brushes or markers to paint or draw the eyes, mouth, and any other facial features. You can personalize these according to the character you are creating.
2. **Clothing:** If your peg doll will have clothes, paint the appropriate colors on the body, or you can use fabric to create clothing. For fabric, cut out small pieces and glue them onto the doll.
3. **Hair:** You can paint hair directly onto the head or use yarn to create hair. If using yarn, cut it to your desired length, and glue it in place on the head.
4. **Accessories:** Add any additional details such as hats, glasses, or jewelry. These can be made from scrap materials or drawn on.

Step 4: Seal Your Creation

Once you have finished painting and decorating your peg doll, it's time to apply a sealer:

1. **Choose Your Sealer:** Use a clear acrylic sealer for a protective finish. This will help keep the paint from chipping and enhance the colors.
2. **Apply the Sealer:** Use a clean brush to apply a thin layer of sealer over the entire doll, ensuring even coverage.
3. **Let It Dry:** Allow the sealer to dry completely according to the manufacturer's instructions.

Step 5: Finishing Touches

After the sealer has dried, inspect your peg doll for any touch-ups needed. You can add additional details or layers of paint if necessary. Once satisfied, give your doll a final lookover and make sure everything is securely attached.
